

Dear Members,

We would like to take this opportunity to inform you of upcoming changes at the Kachmann Mind Body Institute. As co-founders, we are both happy to have been able to witness all this organization has accomplished in its endeavor to bring health and wellness to the Fort Wayne community. We would like thank you for your support and patronage. We look forward to continuing to offer health and wellness services in Fort Wayne. As of February 10, 2010, the Lutheran Hospital and downtown location will divide into separate organizations. The downtown organization will be taking on a new name, but both organizations will continue in their mission to help the community achieve overall health and wellness.

All annual memberships and class packages purchased on or prior to February 10, 2010 will be honored at both locations. During this transition, the website will be experiencing some light construction. If you are unable to access any information or log into your account please call 436-2040 for Lutheran Hospital or 420-9642 for downtown location.

Our staff will be here to assist you with any questions you may have during the transition.

Sincerely,

Kelly Metzger, CPT RYT

Dr. Rudy Kachmann
